EASTERN TURF TALK.

"The wind-up of the meeting at Bannings on Saturday marked the end of the most successful turf season on record in the east. Every racing association under the jurisdiction of the Jockey Club enjoyed phenomenal success. The amount of money paid out by them in stakes and purses was greater than ever before, while the attendance figures eclipsed all previous marks. From the opening of the Aqueduct track last April right up to the last day of the season the attendance was a record-breaker. Although no official figures are available, it is estimated that the daily average paid attendance, exclusive of Saturdays and holidays, at all tracks in the Metropolitan district was about 6,000, while the Saturday and holiday average reached 20,000. The largest crowd of the season gathered on Futurity Day at Sheepshead Bay, when more than 40,000 persons paid admission, while probably 5,000 more got in on passes and complimentary badges. There were tremendous crowds, too, on Brooklyn and Suburban Days, but they did not equal the Futurity crowd by a long way," says the New York Sun of Monday.

"Although it never can expect to draw the crowds that patronize the Metropolitan tracks, the Saratoga Racing Association, with William C. Whitney at the helm, has already opened the books and also closed the entries for some of the richest stakes that have ever been run on the American turf. These events have not only filled well, but they have also shown that the breeding industry has developed gradually into a wonderful business, in which not only millionaires, but persons of ordinary means are deeply interested. For the \$15,000 Spinaway Stakes for two-year-old fillies the principal nominators are August Belmont, whose list includes youngsters sired by Henry of Navarre and Hastings; J. N. Camden, Jr., O. H. Chenault, Mrs. Thomas J. Carson, who bred Eugenia Burch; J. B. Haggin, with a lengthy list sired by the great Salvator, Bathampton, Juvenal, Order, Ben Holladay and Raffaelo; James R. Keene, with the get of Kingston, Ben Brush and St. Simon; John E. Madden, with a lot by Plaudit, Hamburg, Sandringham, Himyar, Meddler and Hastings; S. Sanford & Son, depending upon their stallion Clifford once more; Milton Young, with as many nominations as anybody, the leading sires being Mirthful, Pirate of Penzance, The Friar, St. Florian and Lamplighter; and last, but not least, W. C. Whitney, with twenty-four nominations by Hamburg, Meddler, Lissak, Sandringham and Plaudit, the dams being Yorkville Belle, Ruperta, Martha II., Poetess, Admiration, Mannie Himyar, Vespers, Mary C., Florrie, Mountain Range, Buella, Faithful, Handspan, Tara Blackburn, Harmonica, Kela, Elusive, Souffle, Peg Woffington, La Sylphide, Nihil, Clementina, Urania and Daisy F.

"For the Great Republic of \$50,000, one mile and a quarter, to be run in 1905, the entry list just closed shows a remarkable array of owners and nominations:

"With even greater liberality have the breeders sent in their nominations for the \$40,000 Hopeful Stakes, for two-year-olds, to be run in 1905. The largest nominators for this event are August Belmont, S. S. Brown, J. N. Camden, Jr., Mrs. T. J. Carson, David Gideon, H. P. Headley, J. B. Haggin, F. R. Hitchcock, James R. Keene, John E. Madden, H. T. Oxnard, E. F. Clay, S. Sanford & Son, W. C. Whitney and Milton Young. Mr. Whitney has seventy-five nominations and Mr. Young has 131, heading the list.

Entries for the National Stallion Stakes, to be run in 1904, probably at Belmont Park, will close a week from tomorrow. The stallion entries already received include such famous sires as Hastings, Henry of Navarre, Ben Strome, Sir Dixon, Hand-spring, Atheling, His Highness, Golden Garter, Goldfinch, Star Ruby, Watercross, St. Gatien, Bathampton, Ben Holladay, Juvenal, Salvator, Ornament, Kingston, Ben Brush, St. Leonards, Himyar,

Massetto, Sandringham, Plaudit, Mirthful, Sir Walter, Knight of the Thistle, Kantaka, Hamburg, Meddler, Lissak and Albert. Entries for the Seventh Matron Stakes, to be run in the fall of 1905, at Belmont Park, also close one week from tomorrow.

"It is now said that the Metropolitan Jockey Club, controlling the so-called Sullivan-McCarren track building near Jamaica, may not receive a license from the State Racing Commission for the reason that it has made no arrangements to hold stake events, calculated to further the breeding interests and for that matter has not even made an application for dates. According to the way the Metropolitan Jockey Club people are conducting their affairs, things seem to be at a standstill, although it can be said that the promoters of the project fully expect to receive recognition from the racing authorities. The building of Belmont Park will not interfere with the dates of the other racing associations, for the reason that the new track will undoubtedly receive the allotment that the Westchester Association has had all along at Morris Park. Engineer C. F. Leavitt, Jr., who has undertaken to build Belmont Park, says that he expects to let the various contracts out before the end of the present year and that ground will probably be broken the middle of January or the first of February. The work of building the tracks and the chute will be begun first, the construction of the huge grandstand and other pavilions to follow. By next November, Mr. Leavitt says the work will have progressed so far that there will be only a few finishing touches to be applied before the opening of the track in May, 1904. Patrons of the turf were astounded when they learned that Belmont Park in area will be three times as large as Morris Park and that there will be seating accommodation for nearly 20,000 persons. Such a racecourse, before the plans had been actually drawn, was always regarded as a dream, but it remained for the members of the Westchester Association to convince the public that the days of dreams have passed.

"Johnny Reiff rode the largest number of winning mounts on the French tracks this year. He had 116 victories, Milton Henry being second with ninety-four. Unless there is some conclusive evidence of guilt against these boys, these records ought to carry considerable weight with the French turf authorities when they come to reconsider the expulsion of Reiff and Henry from the turf."

SARNER CLAIMED.

NEW ORLEANS, LA., December 4.—Sarnar, entered in the second race for \$400, was claimed by Durnell & Herz for \$770. Prince Blazes, entered in the sixth race for \$400, was run up to \$1,100 by H. Robinson and bid in by his owners.

GOSSIP OF THE TURF.

"It is a rather autocratic body, that Western Jockey Club," said Mr. Carmody, who has been refused dates for his St. Louis track. "I was given a hearing by it. Mr. Young, its president, began by asking me to be brief. I told him I would be as brief as my business permitted. I was, Mr. Montgomery asked me what dates I wanted and was very courteous. Mr. Bush, of New Orleans, asked me if my track was built. I assured him I had not had time to build it, but that it was in course of construction. I then offered to file a bond of \$80,000 to guarantee its erection.

"Mr. Angelo Cella asked me my business. I assured him without any frills that I was a liquor dealer. I presented a petition signed by leading business men in St. Louis. Mr. Cella asked me if I meditated any design to interfere with the present racing laws of Missouri. I told him that I was there asking favors, not making threats. He asked me if I had not said that I would endeavor to interfere with the racing laws. I said I had not said so. Mr. Cella then said that the St. Louis newspapers had so quoted me.

"Having been ignorant of any such quotation, I asked Mr. Cella to produce the papers in question. He did not do so. I feel that my plan impressed the stewards of the Jockey Club, but they refused me dates."

Asked if he now proposed to take any steps to interfere with the established racing laws of Missouri, Mr. Carmody said that, beyond being in favor of short meetings, say, thirty days for each track, he had nothing to say. He further stated that he would proceed with the erection of his track, and would have it ready for racing in the early summer.

C. A. Tilles, of the Fair Association, said that he had no statement to make, beyond the admission that the dates given the Fair Grounds were satisfactory to him.

"I wish to lay special stress on the fact that the Fair Grounds and Delmar Park did not organize the Jockey Club," said Mr. Tilles, "and are not responsible for its policy or action. In fact, we were the first people to oppose the Jockey Club, which we did to our cost and sorrow. We found it wise and expedient to submit to it and take what we got. The Fair Grounds and Delmar tracks are not opposing Mr. Carmody or any one else, for we were in a similar position two years ago. We are taking what we get and being thankful."—St. Louis Republic.

The Latonia Jockey Club has announced its stakes for the spring meeting of 1903, which will close January 1. The events are just the same as last year in every particular, so far as conditions and added money are concerned. They are as follows:

The Clipsetta Stakes; for fillies two years old; \$1,000 added; 5 furlongs.

The Harold Stakes; for colts two years old; \$1,000 added; 5 furlongs.

The Cincinnati Trophy; a sweepstakes for colts and fillies two years old; \$2,000 added; in addition to the first money and stakes, the winner will receive a silver cup, donated by Hon. Julius Fleischman; 5 1-2 furlongs.

The Brewers' Exchange Handicap, for three-year-olds and upward; \$1,250 added; 6 furlongs.

The Merchants' Stakes; a selling sweepstakes for three-year-olds and upward; \$1,250 added; 1 mile.

The Decoration Handicap; for three-year-olds and upward; \$1,500 added; 1 1-16 miles.

The Cincinnati Hotel Spring Handicap; for three-year-olds and upward; \$1,250 added; 1 1-8 miles.

The Cincinnati Steeplechase; a handicap for three-year-olds and upward; \$1,000 added; full course; about 2 miles.

The Latonia Derby, 1904; for three-year-olds, foals of 1901; \$2,500 added; 1 1-4 miles.

The Latonia Oaks, 1904; for fillies three years old, foals of 1901; \$1,250 added; 1 1-4 miles.

The Saratoga association for the improvement of the breed of horses, of which Hon. William C. Whitney is president, has declared a dividend of five per cent. on its capital of half a million.

This means that the second season of the new racing regime, in spite of the enormous amount of money spent in improvements and greatly increased amount of money given away in purses and added money to stakes, proved so prosperous and popular that \$25,000 was paid in dividends to stockholders.

The fact was made occasion for much congratulation to Mr. Whitney, whose enthusiasm in turf matters has aided this great and popular sport generally at every northern point, and more particularly at Saratoga, in the affairs of which racing center he has expended both time and money.

Jockey Redfern will not report to C. R. Ellison until after the holidays. On the advice of his father young Redfern will take a vacation for a month. Redfern has been riding constantly for a couple of years and needs a rest.

OUTLAW RACING AT NEWPORT.

The Cincinnati Commercial-Tribune of December 4 has this to say about the prospective opening of the Newport track for winter racing:

"The winter racing meeting of the Newport track will open Christmas Day, according to plans of the new owners. John J. Ryan, the St. Louis bookmaker, yesterday purchased a large interest in the track, and after some necessary improvements are made it will be opened. This will probably be on Christmas Day.

"Frank F. Fowler will retain the sole management. Fowler managed the Newport track under the most discouraging conditions imaginable and the very fact that he will again be at the head of the track assures its being conducted on straight-forward lines.

"In conjunction with the race meeting a foreign book will be opened at Newport. This will be under the supervision of John J. Ryan.

"One of the improvements contemplated is the building of a bridge over the Licking River, over which the trolley cars can be run to the gates of the track. Plans for such a bridge have been in existence for some years, but have never been carried out. These plans have been turned over to Ryan, who will start in at once to have bids made on the work.

"It is the intention of the new racing club to give a race meeting, independent of the Western Jockey Club, and it will be run the year around. The uninitiated have had some doubts about a track so conducted being able to get horses, but on this point Messrs. Fowler and Ryan give the greatest assurance. They say that within two weeks 500 horses will be stabled at Newport, and these will be of as good class as have been running at New Orleans.

"One of the first steps to be taken is to enclose the betting shed with glass, and a portion of the grandstand, too, is to be sheltered from the cold. The track itself is in good condition, and men will be put to work on it immediately to get it in shape for the opening day.

"Manager Fowler and John Ryan had a long conference at the Gibson House last night. When seen there Manager Fowler said:

"We will open on Christmas day with a high class race meeting. Newport has always been conducted on high lines, and this will not be an exception to the rule. We will have all the horses we can care for. Our reputation with the horsemen has long been established. I feel confident that we will get the patronage of the race loving public, for we propose to conduct a fair and square high class meeting. The officials have not yet been selected, but they will be men who have been identified with the game for years."

"In this connection it may be said that Judge Burke, one of the best known racing officials of the country will in all probability be the presiding judge. John J. Ryan, who is behind the movement to open the track, was most enthusiastic over the prospects.

"Newport will run a meeting independent of any turf body," he said, "but it will be a first-class meeting. We will have men in the stand whose reputations are known the country over as capable officials; our betting ring will be open and we will have good horses here. I know that there is no doubt about that. Mr. Fowler will manage the track, while I will be in charge of the foreign book and the betting ring. We believe that we have a right to race in Kentucky during the month of December and other months as well as other people have a right to race in Louisiana.

"The Western Jockey Club has no right to control racing in this section. Horsemen, under existing conditions, do not have a possible chance unless they are fortunate enough to have nothing but winners in their stable. We will hang up the

courses, and they will be bigger than were hung up around here during the recent meeting. To assure horsemen that their money will be paid we will deposit \$100,000 with a bank to guarantee the payment of all persons. What right has any body of men to dictate to a man who has a fortune invested in a racing plant when he shall do business and when he shall not. Newport will not be under the dictation of any turf body, but I'll wager that its meeting will be run as clean, if not cleaner, than that of any track which has been under that organization. We propose to show them that it is possible to run a race track, even though it is not sanctioned by a lot of Chicago gentlemen.

"Newport is the first track of a new circuit to open. I will have other tracks operating next year. I have an option on two racing plants now, and before long I will be in a position to say something about my plans in this direction. We propose to spend money in improvements at Newport, which, in my opinion, is the greatest spot for winter racing in the country."

According to A. J. Grennett, financial agent of the Mackay commercial interests, Clarence H. Mackay has retired permanently from the turf. Mr. Mackay has found that the vast business left by his father will require all of his time in future, so that he will be unable to devote any attention to the welfare of a racing stable. Mr. Mackay has made several nominations for the rich Saratoga stakes to be run in 1904 and 1905, however, and it may develop by that time that he will have a chance to return to the sport of kings, over which he is still an ardent enthusiast. Mr. Mackay still owns a breeding establishment, which he has no idea of relinquishing and at which Banastar is the leading stallion.

Word comes from Aiken, S. C., that very likely the winter mecca of horsemen asked for from The Jockey Club will be located there. R. P. Garrett, the well known horseman and breeder at that point, just to hand with racing stock, brings the news of a winter twenty-day meeting at or near the vast holdings of William C. Whitney at Aiken, S. C., next year being assured. He says Messrs Whitney and August Belmont have already secured an option on property which could not be designed for anything else but a race track. The impression at Aiken is that the Vanderbilt interests will also assist in promoting the scheme.

According to Garrett, the intention is to make the seat of this latest race track promotion of Mr. Whitney's an American winter Carlsbad, where the idea of thorough Americanism can be worked out and New Yorkers can enjoy a salubrious winter rustication right at home without recourse to the Occident.

Mr. Clarence Mackay first conceived the project while on a visit to the Aiken, S. C., polo grounds six years ago, at a time before he was known prominently on the turf. Garrett declares that there can be little doubt of a race track being built by the New York millionaires now having winter seats located at or near Aiken, S. C.

Winner—Br. c. by Kingston—Silverdene (trained by W. D. Randall).
Went to post at 2:07. At post 2 minutes. Start bad. Won easily; second the same. Axminster got away running, led unextended throughout and was best. Father Wentker broke flatfooted, but made up ground rapidly and was an easy second. Katie Walcott was tiring at the end and just saved third place under Burns' vigorous finish. Kermit, suddenly improved, was closing up well at the end.

Winner—Ch. f. by Forest—Nellie G. (trained by W. P. Magrane).
Went to post at 2:33. At post 3 minutes. Start bad. Won driving; second easily. Nellie Forest secured a lucky start, was always prominent, moved up fast on the stretch turn and, under a vigorous finish, outstayed Gawaine after a long, hard drive. The latter broke fast and made the running for seven furlongs and held on well at the end. Doreen, badly interfered with at the start and carried wide on all turns, appeared like winning when straightened for home, but swerved under a weak ride and was probably best. Goldone followed the pacemaker closely for six furlongs, then tired and ran unkindly in the stretch after meeting slight interference. St. Rica went well throughout. The Miller is out of place except in sprints. Loyal S. had a scant chance at the start. Filibuster was practically left at the post. Nellie Forest was bid up and bought by F. W. Doss for \$700.
Scratched—(36533) Breton, 102; (30729) Buck Taylor, 104.
Overweights—Doreen, 5 pounds.
Nellie Forest, show, 8 to 5. Gawaine, show, 4 to 5. Goldone, show, 1 to 2. Loyal S., show, 3 to 5.

Time, 1:11.
Winner—Ch. m. by Amigo—Santa Monica (trained by H. Hamilton).
Went to post at 3:02. At post 3 minutes. Start bad. Won easily; second the same. Mocoito got away in her stride and made most of this advantage, stealing a long and winning lead on the far turn, which she retained to the end under skillful handling. Her race was a distinct improvement. Tower of Candles broke sideways and up in the air, but went after the leader with her usual brilliant speed and appeared like the winner when straightened for the wire, but failed to stay and apparently dislikes this track. Snark was lucky throughout and always held third money safe although driving at the end to beat off The Weaver. The latter was closing up strongly after making a wide stretch turn. Botany, practically left, closed a big gap.
Scratched—36519 Geyser, 109; 36422 Toribio, 104; 36515 Montana Peers, 104.

Winner—B. f. by Golden Garter—Pink Cottage (trained by G. B. Morris).
Went to post at 3:29. At post 1 minute. Start good. Won handily; second easily. Gravina decisively outpaced and outstayed Beau Ormonde and won going away. They raced as a team from the start and it was strictly a two-horse race. Beau Ormonde lost ground on the stretch turn and, after displaying a high order of speed, held on with unexpected gameness and is a genuinely improved horse this year. Iredius is steadily improving, was close up for the first half in spite of the fast pace and, although tiring in the stretch, outstayed Hudson. The latter went unexpectedly well for five furlongs. St. Winifride broke slowly and was evidently not ready. Geraldine S. displayed moderate speed only.
Overweights—Beau Ormonde, 2 pounds; Geraldine S., 3.

Time, 24.50, 1:16, 1:24, 1:45.
Winner—B. h. by Deceiver—Sea View (trained by J. Whalen).
Went to post at 3:54. At post 2 minutes. Start fair. Won easily; second driving. Sea Lion waited on the pacemakers to the stretch, where he made good with a brilliant stretch run and was best, in great form and was particularly favored by the soft going. Rollick and Diderot forced the pace for six furlongs and the former was probably still short, but, being vigorously ridden, outstayed Diderot. The latter is generally a non-stayer except in mud, but ran unexpectedly well on a fast track. El Rio Shannon's chances were destroyed on the first turn when Beana fell, and he was pulled up in the last quarter. Oso was close up and going well in hand for six furlongs and made an unexpectedly good showing, although outclassed. The winner was bid up and bought by D. Cox for \$300.

Winner—Br. f. by Orsini—Bessie W. (trained by J. H. Shields).
Went to post at 4:23. At post 3 minutes. Start bad. Won driving; second easily. Organdie, a quick breaker, set a terrific pace to the stretch, where she drew clear and stood a long, hard drive to the wire, lasting long enough to beat Sir Hugh. The latter was interfered with at the half and compelled to make a wide stretch turn, but finished strongly. Gorgalete followed the winner's fast pace closely for a half mile and, although tiring in the last quarter, ran a fine race. Polonius, a rater and out of place in sprints, lost ground at the start and in the early running and made a surprisingly bad showing at the end. Lady Rowell had no chance at the start and can do better.
Scratched—36501 Deutschland, 107.

Went to post at 2:02. At post 4 minutes. Start poor. Won easily; second the same. Gannon hugged the outside rail and kept Shoo Fly on the path for the entire trip and came away without much effort in the last furlong. Hoar rode a bad race on Pure Dale, had the path in the first quarter, but pulled out in deep going when rounding the far turn. War Cry was in the middle of the track all the way. Went to post at 2:30. At post 8 minutes. Start good. Won handily; second easily. Brandy Smash ran a good race and was best ridden. Landry kept him in the good going all the way. Sarnar had the path at the post, but Fuller went to sleep and was crowded back in the first sixteenth. His mount was in the heavy going next to the inside rail all of the last half, was easily the best and, with a good ride, would have won. That's a big statement, but it is actually proven by the facts. It has no superior in the investment field, and may never have. It is an opportunity unparalleled, and as profitable (weekly) as any legitimate business enterprise (yearly). All are certain of their just proportion of profits under our system. The twenty dollar investor receives as much in percentage proportionately as the thousand dollar investor. By co-operating the funds of many and with years of experience in all lines of the business we expect to pay our customers a liberal dividend WEEKLY. We can do this because we absolutely know how. Here is a modern investment that will bear the investigation of the most skeptical. We solicit commissions in amounts from twenty dollars upwards. Write for our "Booklet."
